

Sexsibility Festival Guidelines

Beloved, please be aware that the Sexsibility Festival operates under different ethical guidelines than other Ängsbacka courses and festivals.

Respect: Whether I am a participant, volunteer or a member of staff, I will always behave respectfully towards my fellow beings.

Emotional Security: At workshops I take full responsibility for my own participation in any suggested exercises or activities, and may at any time waive or cancel my participation. The Sexsibility Crew provides a team of trained personnel that are available for coaching and support in dealing with emotional issues that may arise during the festival.

Sobriety: All drugs (except prescribed by physicians) and alcohol are prohibited at Ängsbacka. It is also not permitted to be under the influence of drugs or alcohol when on the festival site and campsite. I therefore agree to refrain from the use of drugs (except prescribed) and alcohol during my stay at Ängsbacka.

Sex and Nudity: The Sexsibility Festival operates under partially adjusted ethical guidelines than other Ängsbacka courses and festivals. Nudity, sex and all types of sexual energies are welcome in the following places:

- ♥ In the playroom
- ♥ In the area between the café, the barn, the sauna and the annex
- ♥ In workshop rooms (unless the workshop leader gives other instructions)
- ♥ In your own tent and dormitories (although you need to respect others' need to sleep of course)

In all other places, the standard Ängsbacka Guidelines apply as it is important for Ängsbacka not to become separated from the society they are a part of. Find it in your heart to respect this. Some people become very afraid of nudity, body shakings and/or public sexuality.

In addition to their discomfort, Ängsbacka will suffer the risk of their negative projections. The festival takes place in a defined area on Ängsbacka's property, please ensure that the surrounding Molkom village and its inhabitants are respected by **not** extending the festival activities to the nearby recreational area in the forest, to the beach at the lake, or to any other public locations off site.

Thank you for your cooperation!
